

# Share the Love

## Jah Cure

Thereâ€™s a light that cannot shine  
Until you come into my life  
And love reveals you will be the one  
The one for me

And Iâ€™ll give you all I have to give  
All the love, all the joy my heart can give  
Hoping you will share the same with me

(Come share my love) Come share my love {Come on share my love}  
(Come share my joy) Come share my joy {Come share my joy}  
(Come share my joy) Come share my love  
Wonâ€™t you come share with me, pretty baby  
Come into my life, share my love

Thereâ€™s a peak on every mountain, a shore for every sea  
Itâ€™s hard to under stand, were you meant for me  
Thereâ€™s an answer to the question  
But thereâ€™s no guarantee

And Iâ€™ll give you all I have to give  
All the love, all the joy my heart can give  
Hoping you will share the same with me, ooh, hoo

(Come share my love) Come share my love {Come on share my love}  
(Come share my joy) Come share my joy {Come share my joy}  
(Come share my joy) Come share my love  
Wonâ€™t you come share with me, pretty baby  
Come into my life, share my love

Oh...

(Come share my love) Share my love, wonâ€™t you share my love  
(Come share my joy) Wonâ€™t you come on and share my joy  
(Come share my love) Share my love, share my love  
(Come share my joy) Share my, my joy

(Come share my love)  
(Come share my joy) Come on and share my joy  
(Come share my love) Come on share my love

(Come share my joy) Won't you come on and share my joy

(Come share my love) Come share...

(Come share my joy) My-my-my-my-my-my love, come on, baby

(Come share my love) Share, share my love

(Come share my joy) Ooh doo doo doo doo doo doo

(Come share my love)

(Come share my joy)

(Come share my love) Come on, baby, share my love

(Come share my joy) Ooh...ooh...come on, baby

(Come share my love) Share my love

(Come share my joy) Share my-my-my-my-my-my joy, come on

(Come share my love)

(Come share my joy)
