ChÃ©rie

Klaatu

You're the answer to my question
You're the theme of my every whim
You're the highlight of my invention
Tell me whether I sink or swim
Cherie be my cherie
Marry me my Cherie

In the twilight come to my right
Chase the dark away when it comes
Cherie won't you stand to my right
Have our memories just begun

Cherie be my cherie
Marry me my Cherie

Everything's ours if we want it together
Everything's here if we want it to be
Come bring me flowers and bring me a feather
I'll bring you presents and bring you your tea

Cherie be my cherie
Marry me my Cherie
