

# Too Many Years (Feat. PnB Rock)

## Kodak Black

I done gave the jails too many years  
Years that I won't get back  
And I swear I done shed too many tears  
For niggas that I won't get back  
Yeah I got niggas in the graveyard  
Niggas in the state yards  
I swear not a day goes by  
That I don't think about the times  
I wish that I could rewind'Cause I done gave the jails too many years  
Years that I won't get back  
And I swear I done shed too many tears  
For niggas that I won't get back  
Yeah I got niggas in the graveyard  
Niggas in the state yards  
I swear not a day goes by  
That I don't think about the times  
I wish that I could rewindI told my mama we gon' be fine  
So I'm up all night way after sleep time  
I'm just thinkin' 'bout Lil Kuda  
Gave my dog a dime  
He put a buckshot in a nigga's behind  
No daddy so I grew up to the street life  
But my son, I'mma keep him the beehive  
Scheming on a heist, I need to change my life  
Been geekin' all night, I'm going senile  
With two niggas toting three .45's  
I seen a nigga play gangsta, then he broke down  
Lost a lot, lost his mind in the courthouse  
I'm on XXL, I'm in New York nowI done gave the jails too many years  
Years that I won't get back  
And I swear I done shed too many tears  
For niggas that I won't get back  
Yeah I got niggas in the graveyard  
Niggas in the state yards  
I swear not a day goes by  
That I don't think about the times  
I wish that I could rewindI keep thinkin' 'bout my niggas  
I think I need a jigga  
Why we keep on falling victim

Lost up in the system  
Miss my brothers and my sisters  
Damn I miss my lil one  
I know sometimes I be tripping  
But I just miss my niggas  
I got codeine in my liver  
I gave the judge a piece of me  
I'm too street for the industry  
But I think that's where I need to be  
'Cause verbally, mentally, and physically I keep that heat  
Me and my brother fit in  
We smoking one with PnB  
Niggas say they fuck with me  
But lowkey they be easin' me  
You bitches don't mean shit to me  
People tryna sentence me  
How a youngin' posted on the street, gon' call it Sesame  
One K 'til the death of me, don't put your life in jeopardy I done gave the jails too many years  
Years that I won't get back  
And I swear I done shed too many tears  
For niggas that I won't get back  
Yeah I got niggas in the graveyard  
Niggas in the state yards  
I swear not a day goes by  
That I don't think about the times  
I wish that I could rewind
