

# Underworld

## Anathema

Your good intentions are boring, take me away  
If it keeps you sane, is that ok?  
If I played it safe would it save me?  
I'd like to get some rest now if I could just ignore the truthScratching at my window  
This time I've got to make a move ego obliteration  
Stand back and watch me melt away  
Dissolve all recognitionBut I got to burn this weight out of my mind  
Running through my veins till I disappear  
This feeling is over, this feeling is over me  
This feeling is over, this feeling is over meClimbing up my wall gonna creep between the cracks  
Get out of my skull tighten the rope around my neck  
Destroy all emotion got to rip my face to shreds  
Cut my eyeballs open
