I Would Choose You

Colton Dixon

Everybody got their own agenda
Doesn't change the way I feel
My heart's unshakeable
In this world there's always something
Trying to pull me far from you
Our bond's unbreakableAnd if the world would end today, and everything would fade away
I know what I would doI would choose you, that's what I'd do
Nothing could get between the way I feel for you
I would choose you, lead me to move
Never look back 'cause I am only passing through
I would choose you
You, you, you, you, you
You, you, you, you, youGot a hundred million choices
Got a lot of things to do
I want to keep it simplified
Want to quiet all the voices
Gonna try to just hear you
You are the reason why I'm hereAnd if the world would end today, and everything would fade away
I know what I would doI would choose you, that's what I'd do
Nothing could get between the way I feel for you
I would choose you, lead me to move
Never look back 'cause I am only passing through
I would choose you
You, you, you, you, youSo savor every moment
Life's short, everyone knows it
You are the one I've chosen
Got my reasons why
The grass isn't always greener
No shame in being a dreamer
I choose to be a believer
I'm a believerI would choose you, that's what I'd do
Nothing could get between the way I feel for you
I would choose you, lead me to move
Never look back 'cause I am only passing throughI would choose you, you, you, you, you
I would choose you, you, you, you, you
I would choose you
