Loose Booty

PARLIAMENT FUNKADELICS

She got a loose booty, she got a loose booty
Pay attention to how it shake, she got a loose booty
She got a loose booty, she got a loose booty
Pay attention to how it shake, she got a loose bootyI ain't tryin' to be stuck all in the corner and locked up
Tongue-kissin' a hoe a nigga know she a doctor
Hoe can make a nigga think she a queen
She standin' there, smellin' like potpourri, I bet she stank in them jeansNeed to shake it, wash it, rinse it, squeeze it and douche it
Call a time-out, freeze, at ease that pussy
They comin' out the woodworks, ain't no pride
They don't get tired, play they vibe and they'll shake it 'til they foot hurtSay she dressin' for time, she got a lot of that
She ain't no nickel and dime, she got a dollar back
When she step her ass bounce two times
The wobble, wobble, make it hard for her to walk straight linesGotta add the soldiers on when you standin' behind her
You might get stuck in there and need a camera to find her
Gotta hold on to them handlebars 'cause you don't want that broad
Goin' tellin' your dawgs you got handled boyShe got a loose booty, she got a loose booty
Pay attention to how it shake, she got a loose booty
She got a loose booty, she got a loose booty
Pay attention to how it shake, she got a loose bootyShe got a loose booty, she got a loose booty
Pay attention to how it shake, she got a loose booty
She got a loose booty, she got a loose booty
Pay attention to how it shake, she got a loose bootyYou make a nigga wanna pay for that pussy hoe
Stand it up and make you get up on your tiptoes
Play with love man, kiss it, baby, watch him grow
Don't run your mouth about it, momma try to keep it lowLet's get a room somewhere deep on the outskirts
Give me head 'til yo' muh'fuckin' mouth hurts
Go tell your friends 'bout the suite up at the W
About the view and all the freaky shit I done to youNow, when she see me, when you're not around
She be in my face, tryin' to see what I'm about
Here, take my number, maybe you can take me out
Take you somewhere and put some dick up in your mouthI remember when you bitches wasn't so nice
Before the rings and the watches got a coat of ice
Same nigga, different day, we forever say
Money over bitches, U.T.P., Eight wayShe got a loose booty, she got a loose booty
