Our Love Will Survive

Wild Belle

If the sun don't shine If the worlds don't fell If the oceans rises our love will survive our love will survive I don't wanna see you cry So baby let me tell your eyes I'll be by your side If the world stop spinnin round and heaven falls to the ground I'll be by your side If the sun don't shine If the worlds don't fell If the oceans dry our love will survive if the sky falls down If time rounds out When the drump beats out our love will survive Into the lightning fursting and fighting let don't pardom me look child civilations sweet thruth the nations but your love is all I see I don't wanna see you cry So baby let me tell your eyes I'll be by your side If the world stop spinnin round and heaven falls to the ground I'll be by your side If the sun don't shine If the words don't fade If the oceans dry our love will survive if the sky falls down If time rounds out When the drump beats out our love will survive If the sun don't shine

If the worlds don't fall

If the oceans rises
our love will survive
if the sky falls down
If time rounds out
When the drump beats out
our love will survive
