

Big Dick

Hot Club De Norvege

Like a monkey in a zoo,
you're half gorilla too
When you pound it with your fist
and make it real stiff
 Big Dick
Gotta cover your mistakes
 your bloody out-takes
So you dip it in the wine
and make a holy sign
 Big Dick
Big Dick! Come quick
 Big Dick! Come quick
Well, you're running up a tree
 you're trying not to scream
then you're pounding on your chest
 like you whipped the best
 Big Dick
The rivers of the blood
you've spilled have turned to mud
Now the flies are buzzin' round
 don't they make a loud sound
 Big Dick
Big Dick! Come quick
 Big Dick! Come quick
 It won't be long
 till those bad bits are gone
It won't be long till those bad bits are gone
Now we're sitting by the fire but Daddy's getting tired
 'Cause he drank the whole crock
 now he's got a limp cock
 Big Dick
 Big Dick! Come quick
 Big Dick! Come quick
