Dean & Me

JJ

I know I'm drunk
I know it's late
But I will call you anyway
Calling coz I fucking shake
Calling hoping you're awake
I'm falling apart
Coz I'm falling in love with you
Something inside tells me should be together
Something inside me tells me could be forever
But something inside tells me we will never be
Together, together
It's my party and I'll cry if I want to
It's my party I'll get high if I want to
Life's a party I can die if I want to
God is here say hi if you want to
I'm dancing with stars
And they're dancing with me
And I'm so in love I could never ever tell you
How in this world I could never ever show you
How deep it runs if you let it wash over you
Sweet and fun if you let me take over you
And we could be together, together
