

Stuck to Deteste

El Caco

Can't move my legs
Stuck to deteste
Your world of domination
Your final destination
Nothing to gain
Memorizing pain
The poison in your veins
Every nerve is strained

Undestructible, Death reward
Conserving tissue just to fight the fucker

I hear the stories
Minuscule worries
Feeds on your spine
I stand in line
Disturbing the peace
Days when you're at ease
I'm smiling to you
But I'm slipping through

Can't move my legs
Stuck to deteste
Your world of domination
Your final destination
Nothing to gain
Memorizing pain
The poison in your veins
Every nerve is strained

Undestructible, Death reward
Conserving tissue just to fight the fucker

Breathe in, breathe
There is air
If there is anything
Don't die on me
