

Tongues

Paws

Some things are too hard to talk about
We go out of our way not to talk about them
We need to be strong, put it all behind us
We need to be strong and put the past behind us
Do you think that we could have tried a little harder?
I know that I should have tried a little harder
I don't know where you sleep
Are you safe? Do you eat?
Sometimes we were forced to accept defeat
I don't know what you want from me anymore
Do you want the same things that you wanted before?
We talk in code that nobody knows
When you are in love you'll talk in tongues
There are no words to behold
Do you think that we could have tried a little harder?
I know that I should have tried a little harder
I don't know where you sleep
Are you safe? Do you eat?
Sometimes I refuse to accept defeat
