Strangest Thing (Bloodshy & Avant Version)

Clare Maguire

Somebody said 'stop the music',
Somebody said 'Dim the lights',
Coz here comes what you'll never remember,
Here comes the night.And I get so unholy,
And I am so uptight.
I need to believe, I want to believe
And I believe that I am were you are.But it's the strangest thing,
And it's the strangest thing.
And I can't remember a thing about you,
But it's the strangest thing,
And it's the strangest thing.
I truly can't remember a thing about you.You are my favourite ghost,
And you and I were the most,
But I can bring no justice, I can make no boast.
That you belong to me.Set face your fears,
And stare through the tears.
I need to believe,
I want to believe,
And I believe that I am where you are.And it's the strangest thing,
And it's the strangest thing.
And I can't remember a thing about you.
But it's the strangest thing,
And it's the strangest thing.
I truly can't remember a thing about you.And I thought we'd never die (x4)And it's the strangest thing,
And it's the strangest thing.
But now I can't remember a thing about you,
