Trouble

Natalia Kills

Oh.....
I'm trouble, I'm trouble.
Oh.....
I'm trouble, I'm trouble.Hey lover come and be my alibi,
I'm gonna burn down the house tonight.
Ride with me, I know your friends say that I'm trouble.Hold me down in the siren light,
to love me even when the lies ain't white.
Light the fuse I'm the dynamite,
I'm Trouble.No...
It's the only way I know.
Oh...
My daddy taught me so.
Oh...
When he said to me,
Don't look back when you walk away,
I'm the best mistake you'll ever make.Oh.....
I'm trouble, i'm trouble.
Oh.....
I'm trouble, i'm trouble.Bury you're lies,
Get your stories straight.
Broken bottles gonna seal your fate.
Happiness is just a glass away,
I'm trouble.Breathe me in like the summer night,
Only a mistake if we don't survive.
Kids growin' up who are not alright,
We're trouble.No...
It's the only way i know.
Oh...
My daddy taught me so.
Oh...
When he said to me,
Don't look back when you walk away,
I'm the best mistake you'll ever make.Oh.....
I'm trouble, i'm trouble.
Oh.....
I'm trouble, i'm trouble.One, Two, for your bad tattoos.
And three, four, sneakin' in through my window.
But we grew up fast, and we never knew nothin' bout each other.
Save your innocence for the next life.

Never let 'em make you think twice,
when the wreckage flies,
cause this life don't last forever babe.No...
It's the only way I know.
Oh...
My daddy taught me so.
Oh...
When he said to me,
Don't look back when you walk away,
I'm the best mistake you'll ever make.Oh.....
I'm trouble, i'm trouble.
Oh.....
I'm trouble, i'm trouble.Oh....I'm trouble.
I'm Trouble.
