

# Don't Break the Circle (Hill / Spooner)

## DEMON

Don't break the circle  
Don't break the circleConcentrate!  
I'm your contact link across the great divide  
Many voices in my ear  
Hold on I think there's something coming through  
From the other side. It's for all those who believe  
The chain is stronger if the lifeline is unbroken  
So beware the presence of The Unexpected GuestDon't break the circle  
Don't break the circleUnexplained  
Many things we thought were lost may come to light  
On a higher plain in the spirit world  
Where only a few of us possess the second sight  
Now the messenger awaits  
The chain is stronger if the lifeline is unbroken  
So beware the presence of The Unexpected GuestDon't break the circle  
Don't break the circle.The circle must keep going on and onBut wait  
Is there one amongst us here who believes?  
A stranger to the sign  
Take care, for all the things you fear  
May be revealed  
Within the forces of the night  
The chain is stronger if the lifeline is unbroken  
So beware the presence of The Unexpected GuestDon't break the circle  
Don't break the circle  
Don't break the circle  
Don't break the circle  
The circle must keep going on and on  
The circle must keep going on and on
