Living In Another World

Neon Trees

Phone keeps ringing in another room
I'm daydreaming like a middle kid at school
Caffeine, thinking of my teenage youth
I'm alive, but I can barely moveI guess I've always been this way
It's been hard for me to say
Close my eyes, it'll go awayYeah, yeah
Yeah, yeahThey've been telling me to come of age
I've been going through an awkward phase
Whoaaaaaa
Whoaaaaaa
They've been trying hard to wake me up
Saying stuff that never gets me off
Whoaaaaaa
WhoaaaaaaDon't mind me
I'm living in another world (Living in another world)
Don't mind me
I'm living in another world (Living in another world)
WhoaaaaaaTV's telling me to be myself
I can't trust what the neon psychic sells
So I found out how to trust myself
I found out I'm stronger than the pillsI guess I've always been this way
It's been hard for me to say
Close my eyes, take me awayYeah, yeah
Yeah, yeahThey've been telling me to come of age
I've been going through an awkward phase
Whoaaaaaa
Whoaaaaaa
They've been trying hard to wake me up
Saying stuff that never gets me off
Whoaaaaaa
WhoaaaaaaDon't mind me
I'm living in another world (Living in another world)
Don't mind me
I'm living in another world (Living in another world)
WhoaaaaaaThere are nights I feel I could die
Four chords and a beat keep me alive
You can barely recognize
Everything beyond my eyes
I've been going through it my whole lifeThere are nights I feel like I could die

Four chords and a beat keep me alive
You can barely recognize
Everything beyond my eyes
I've been going through it my whole lifeThey've been telling me to come of age
I've been going through an awkward phase
Whoaaaaaa
Whoaaaaaa
They've been trying hard to wake me up
Saying stuff that never gets me off
Whoaaaaaa
WhoaaaaaaDon't mind me
I'm living in another world (Living in another world)
Don't mind me
I'm living in another world (Living in another world)
Whoaaaaaa
Whoaaaaaa
