Liar Liar

Christina Grimmie

Can't see you anymore
You're in, and shut the door
Didn't know what I do know now
With words I've been betrayed
the respond and let them fade
and I just won't let you bring me down
You can see what I know and I know
Somewhere there's a sorry heart
Tell me why these roads keep leading
Leading you right back to me
Liar liar, don't cry on my shoulder
You played with fire
and smiled when you told her
Oh, oh, thought you were someone
Oh, oh goodbye to no one
So break away the touch
Of bliss you miss so much
But I won't tell you to come back home
Emotions dissipate;
Is love designed to hate?
Keep on driving away from here

Eye the rain as it falls in your hands
Will there be another storm?
Tell me why these roads keep leading
Leading you right back
Liar liar, don't cry on my shoulder
You played with fire
and smiled when you told her
Oh, oh, thought you were someone
Oh, oh goodbye to no one
I don't need to know you'll be there
You're not on my mind
I don't need to know you care
Please don't waste my time
Liar liar, don't cry on my shoulder
You played with fire
and smiled when you told her
Liar liar, don't cry on my shoulder

You played with fire
and smiled when you told her
Oh, oh, thought you were someone
Oh, oh goodbye to no one
Oh, oh, thought you were someone
Oh, oh goodbye to no one
