

Girl Of My Dreams

Take 5

Ah yeah, I am ready
Cause Ive been waitin for this moment for a long time
And now that I have my chance
Im gonna make this the best night youve ever had
Trust me youre the girl of my dreamsIll say what she wants to hear
Ill do for her I dont care
Ill tell ya now if youre not aware
Shes the girl of my dreams'Cuz only what I thought could be
Has become reality
Heavens doors have brought to me
The girl of my dreamsLook in the mirror and get yourself together
This is the moment youve been waiting for
'Cuz its time to make the perfect first impression
I will be courting the one I adoreBecause Ive waited, anticipated
That one day for me, that this could actually be
So Im not gonna let this slip away then regret it
I will take this opportunity with a smileIll say what she wants to hear
Ill do for her I dont care
Ill tell ya now if youre not aware
Shes the girl of my dreams'Cuz only what I thought could be
Has become reality
Heavens doors have brought to me
The girl of my dreamsI will make sure that tonight goes perfect
Give her the time that she will never forget
Do anything to please her because she is worth it
Cover all angles and be your bestBecause Ive waited, anticipated
That one day for me, that this could actually be
So Im not gonna let this slip away then regret it
I will take this opportunity with a smileIll say what she wants to hear
Ill do for her I dont care
Ill tell ya now if youre not aware
Shes the girl of my dreams'Cuz only what I thought could be
Has become reality
Heavens doors have brought to me
The girl of my dreamsIll say what she wants to hear
Ill do for her I dont care
Ill tell ya now if youre not aware
Shes the girl of my dreams'Cuz only what I thought could be
Has become reality

Heavens doors have brought to me
The girl of my dreams Ill say, Ill say, what she, what she, wants to hear
Cause shes the girl of my dreams
Ill do, Ill do, anything, anything, to please her
'Cause shed the girl of my dreams My dreams, my dreams, are now, are now reality
'Cause shes the girl of my dreams
Ill treat her, her right all the time
'Cause shes the girl of my dreams
(Yeah) Ill say what she wants to hear
Ill do for her I dont care
Ill tell ya now if youre not aware
Shes the girl of my dreams 'Cuz only what I thought could be
Has become reality
Heavens doors have brought to me
The girl of my dreams Ill say what she wants to hear
Ill do for her I dont care
Ill tell ya now if youre not aware
Shes the girl of my dreams 'Cuz only what I thought could be
Has become reality
Heavens doors have brought to me
The girl of my dreams Ill say what she wants to hear
Ill do for her I dont care
Ill tell ya now if youre not aware
Shes the girl of my dreams 'Cuz only what I thought could be
Has become reality
Heavens doors have brought to me
The girl of my dreams
