

Till I Was Loved By You

[Chely Wright](#)

I tried my hand at the game enough
But I ain't lucky when it comes to love
I want it all but I never wanna wait Well you ain't like the ones I've known before
You stir up feelings that I can't ignore
This heart of mine finally understands And baby, I've been held and I've been tied down
I've been wrapped and I've been unwound
I've been kissed oh
But I ain't never been loved
Till I was loved by you Now people told me that I was wrong
But I knew love was a sweeter song
I kept waitin' for the perfect melody Now in your arms it's plain as day
Knowin' you was worth the wait
Come say you'll never give up on me And baby, I've been held and I've been tied down
I've been wrapped and I've been unwound
I've been kissed oh
But I ain't never been loved
Till I was loved by you I've been held and I've been tied down
I've been wrapped and I've been unwound
I've been kissed oh
But I ain't never been loved
Till I was loved by you Till I was loved by you
Till I was loved by you
Till I was loved by you
Till I was loved by you
Till I was loved by you
Till I was loved by you
