

Puke & Cry

Dinosaur Jr.

I can't believe I thought I'd show you
The way tomorrow, please
Just peak at the ground I been achin' just to go to
Wherever your head's at
Just please bring it down Things I'd like to show you
Cause you don't even know you
Do you, girl? I need to feel your angle
Cause things don't wanna mangle
Answer me, girl Take your pick, you pick the bark off
Stopped you and we need you back
To turn things around Things above and it's not far off
That everyone'll give you crap
Please come down Come on down, come on down
Come on down
Come on down, come on down
Come on down Things I'd like to show you
Cause you don't even know you
Do you, girl? You sit through all your feelings
Not the one who's feeling
It all, girl It's creeping over your palm
Now can you keep it that calm
Time to wake, girl I need to feel your angle
Cause things don't wanna mangle
Answer me girl Don't do it, give in this time
Because without it
Things will start goin' down I try to stop you cause I know why
You been smilin' lately
Dancin' around Come on down, come on down
Come on down
Come on down, come on down
Come on down
Come on down, come on down
Come on down There's things I'd like to show you
Cause you don't even know you
Do you, girl? There's things you gotta do here
Each little thing too near
Let 'em go, girl You sift through all your feelings
You're not the one who's feeling
It all, girl It's all so big and twisted

Please come help me fix it
Snap out of it, girl
Come on down, come on down
Come on down
Come on down, come on down
Come on down
Come on down, come on down
Come on down
Come on down, come on down
Come on down
