Make Her Feel Good

Dj Jay-P

Is there any boys around
That know how to make a girl feel?
That wanna make a girl feel
Make her feel good?
All I wanna know, is there any boys around
That know how to make a girl feel?
That wanna make a girl feel
Make her feel good? I just wanna know
Do I have to tell a nigga how to touch me?
Do I have to tell a nigga how to hold me?
Do I have to tell a nigga when to call me?
Do I have to tell a nigga I'm lonely?
Do I have to feel wrong when it ain't strong?
Keep my mouth closed?
(Huh, huh, huh)
Can't a girl from tha hood find a homie
That ain't just tryna hang around me?
Do I have to show a nigga I'm a woman?
Do I have to apologize for my emotions?
Do I have to tell a nigga what to say to me
Everytime he wanna get next to me?
Do I have to settle for a cat that can't scratch?
Stroke his ego
(Mmh, girl, no)
Can't a chick from tha hood find a homie
That wanna do more than spend money on me?
Is there any boys around
That know how to make a girl feel?
That wanna make a girl feel
Make her feel good?
All I wanna know, is there any boys around
That know how to make a girl feel?
That wanna make a girl feel
Make her feel good? I just wanna know

How come I got a nigga but can't trust him?
Why every answer to my question is a question?
Why can't my nigga be my own 'lil somethin'?
And every girl on my block can't say they don' bumped wit?

I'm so tired of these so called wanna be hard cold pretenders that
(Have no clue)
Can't a chick from tha hood find a homie
That I ain't gotta tell how to put it on me?
Is there any boys around
That know how to make a girl feel?
That wanna make a girl feel
Make her feel good?
All I wanna know, is there any boys around
That know how to make a girl feel?
That wanna make a girl feel
Make her feel good? I just wanna know
Why? Why is it so hard
Hard for a girl like me to find a boy
That really knows how to make a girl feel?
(Girl feel, feel)
Why is it so hard
Hard for a girl like me to find a boy
That really knows how to make a girl feel?
(Girl feel, feel)
I just wanna know
Is there any boys around
That know how to make a girl feel?
That wanna make a girl feel
Make her feel good?
All I wanna know, is there any boys around
That know how to make a girl feel?
That wanna make a girl feel
Make her feel good? I just wanna know
