Erase

Gorefest

Sanity and insanity
Go together, hand in hand
But never be afraid
On which side of the line you standTake the power to get in control
It's you that rules your life
Break down the walls that are surrounding you
Be strong and change your lifeErase the rules that are set there to keep you down
Break down the chains that keep you to the ground
Erase, erase and follow me to where the real fun isIt is not a shame to be called insane
To go against, against the grain
Demand the right to set your rules
Not to walk the path of those who are lameErase the rules that are set there to keep you down
Shout out your discontent, let your voice be heard
Erase, erase and follow me to where the real fun isIt is not a shame to be called insane
To go against, against the grain
Demand the right to set your rules
Not to walk the path of those who are lameDo not adapt to others
Just be one with yourself
And walk with me equally
Erasing false mentalitySanity and insanity
Go together, hand in hand
But never be afraid
On which side of the line you standTake the power to get in control
It's you that rules your life
Break down the walls that are surrounding you
Be strong and change your lifeErase the rules that are set there to keep you down
Break down the chains that keep you to the ground
Erase, erase and follow me to where the real fun isIt is not a shame to be called insane
To go against, against the grain
Demand the right to set your rules
Not to walk the path of those who are lame
