

# Part of Me (Alter-Native Mastering)

## Linkin Park

Part of me won't go away  
Everyday reminded how much I hate it  
Weighted against the consequences  
Can't live without it, so it's senseless Wanna cut it out of my soul  
And just live with a gaping hole  
Take control of my life and wash out all the burnt taste  
I made the problems in the first place Hang my head low 'cause it's part of me  
You hardly see it right next to the heart of me  
Heard of me, the routine scar  
New cuts cover where the old ones are And now I'm sick of this  
I can't stand the sandpaper thoughts that grate on my sanity  
I rather not even be then the man  
That's staring in the mirror through me Cut myself free willingly, stop just what's killing me  
Cut myself free willingly, stop just what's killing me  
Cut myself free willingly, stop just what's killing me  
Cut myself free willingly, stop just what's killing me I feel it everyday, I feel I made my way  
I feel it swell up inside  
Swell up inside, swallowing me Freedom can be frightening if you've never felt it  
Once it's been dealt with you feel like  
You've been touched by something angelic  
And then melted down into a pool of peace  
Cease to be the animal you used to be Remove the broken parts you know were wrong  
And feel the calm when the problem's all gone  
And then you start to see another piece  
Of yourself that you can't let be Memories of the last fight to free yourself  
Take it to the depths of the bottom of the well  
And now you know that you can choose  
To lose the part in your heart where your insides bruise You can live if you're willing to  
Put a stop to just what's killing you Cut myself free willingly, stop just what's killing me  
Cut myself free willingly, stop just what's killing me  
Cut myself free willingly, stop just what's killing me I feel it everyday, I feel I made my way  
I feel it swell up inside  
Swell up inside, swallowing me Alive in me, inside of me  
A part of me screams away silently  
Alive in me, inside of me  
A part of me screams away silently This part of me won't go away  
Part of me won't go away Everywhere I look around I see how everyone ought to be  
Every time I see myself I see there's always something wrong with me

Everywhere I look around I see how everyone ought to be  
Every time I see myself I see there's always something wrong with meI feel it everyday, I feel I made my way  
I feel it swell up inside  
Swell up inside, swallowing meI feel it everyday, I feel I made my way  
I feel it swell up inside  
Swell up inside, swallowing meI feel it swell up inside  
Swell up inside, swallowing me  
I feel it swell up inside  
Swell up inside, swallowing me
