Knights

MAY'S

I owe you, don't I?
A little light today
But tomorrow, oh tomorrow
I owe you, don't I?
I know it ain't the money girl
There never was money

This usury so typical
A piece of you for a piece of me
It's hard coded
A piece of you for a piece of me

And it's alright
Let's call it good
A little more
Let's make this even

This usury so typical
A piece of you for a piece of me
It's hard coded
A piece of you for a piece of me

Is it really a sing
If we both come out even?
Come out even
