

La La Love You

Don Mclean

If you wanna make me happy
Here's all you gotta do
Just take me where you're going
And I'll take care of you
'Cause I've got this need that's growin'
To keep you satisfied
And if you keep your green light showin'
Then you can take me for a ride

'Cause I la la la la la la love you
And I la la la la la la care
And I really want you with me baby, everywhere

Well I like the way you're movin'
And I like the way you go
Well I like the way you let your
Locomotion show
'Cause my drivin' wheel is drivin'
And my pistons are workin' good
And if your motor gives you some trouble, baby
I'll take a look underneath your hood

'Cause I la la la la la la love you
And I la la la la la la care
And I really want you with me baby, everywhere

Well, I know you like your transportation
With a motor and a rubber wheel
But when you move you cause a transformation
In this lover and the way I feel

So if you wanna make me happy
Here's all you gotta do
Just let me ride your box car
And I'll hobo with you
'Cause all I got is on my shoulders
I'm walkin' on my travellin' shoes
And before I get much older
I'm gonna kick these lovesick blues

And I la la la la la love you
And I la la la la la care
And I really want you with me baby, everywhere
