

Iâ€™ve Got Better Things to Do Tonight Than Die

The Blackout

Advisory - the following lyrics contain explicit language:

We can see through you
But we don't have x-ray eyes
We can see the truth
And set our sights upon the prize Say what you will
We are never gonna crack
There's a time to kill
And we all know that this is it So bang your head and close your eyes
We are about to take our lives We are the dynamite
Demolition is our religion, so light the fuse
We are the dynamite
Demolition is our religion, so light the fuse Don't try to run
Detonation is underway
Your ends begun
Your black skies have turned to gray The sky will fall
Down on everything you know
You can't [unverified]
You face a mother without hope So bang your head and close your eyes
We are about to take our lives We are the dynamite
Demolition is our religion, so light the fuse
We are the dynamite
Demolition is our religion, so light the fuse We are, we are the dynamite
We are, we are the dynamite
We are, we are the dynamite
We are, we are the dynamite We are the dynamite
Demolition is our religion, so light the fuse We are the dynamite
Demolition is our religion, so light the fuse
We are the dynamite
Demolition is our religion, so light the fuse So light the fuse
Demolition is our religion, so light the fuse
Light the fuse
Demolition is our religion, so light the fuse
