## Fan 3

I am the best there is, I'm Fan3 and I handle my biz  
I'm not universally known but I'm known to leave the speakers blown  
See, I gotta get it pumpin' you know how we do it  
My parents be like turn down that rap music  
Gotta feel the bass vibrate my pop must be irate If the house don't shake the beat don't break  
If the parties in the room ain't jumpin'  
Then the music must not be pumpin'  
Gotta get in my car let the loud part blast  
Windows down pumpin' my jams through town Boom shaka laka laka boom  
(Boom)  
I like it in the car, I like it in my room  
Boom shaka laka laka boom  
(Boom)  
You know I like it when the beat goes boom Boom shaka laka laka boom  
(Boom)  
I like it in the car, I like it in my room  
Boom shaka laka laka boom  
(Boom)  
You know I like it when the beat goes boom Down to L.A., '04's the year puttin' heads to bet  
From the indicate fear gotta get in the club-tight atmosphere  
While y'all hear the jams, I'm makin' plans  
You try to play me out like I'm a J. J. fad  
I'm good when I'm good but I'm better when I'm bad Like audio 2, you know I get us toppin'  
And when the jams is up you hit the ceiling  
Take off my sneakers, turn on the speakers  
I can make it I can shake it, workin' and twokin'  
Pumpin' loops in the ride while I'm past point doom  
Got a truck full 'a AMPs, you can hear it go boom Boom shaka laka laka boom  
(Boom)  
I like it in the car, I like it in my room  
Boom shaka laka laka boom  
(Boom)  
You know I like it when the beat goes boom Boom shaka laka laka boom  
(Boom)  
I like it in the car, I like it in my room  
Boom shaka laka laka boom  
(Boom)  
You know I like it when the beat goes boom Boom shaka laka laka boom  
(Boom)

I like it in the car, I like it in my room  
Boom shaka laka laka boom  
(Boom)  
You know I like it when the beat goes boom Boom shaka laka laka boom  
(Boom)  
I like it in the car, I like it in my room  
Boom shaka laka laka boom  
(Boom)  
You know I like it when the beat goes boom An' I'm known, an' I'm known  
An' I'm known to leave the speakers blown Boom shaka laka laka boom  
I like it in the car, I like it in my room

Boom shaka laka laka boom

You know I like it when the beat goes boom Boom shaka laka laka boom
