

# Don't Fight the Music

## Virginia To Vegas

I know it's hard  
We fell apart  
Like passing stars  
But you still got my heart  
Had me from the start Said we won't last  
They don't know us  
Sometimes love can go by so fast,  
And we don't look back Baby tonight's the night,  
I will let you see, show you all of me  
Maybe tonight's the night  
You show me everything I just want you Damn  
Baby don't fight the music  
Baby don't fight the music  
I just want you, damn  
Baby don't fight the music  
If we don't fight we'll lose it  
I just want you, damn (Girl I just wanna hold you)  
(Girl I just wanna hold you)  
(Girl I just wanna hold you) You're in my arms  
Look in your eyes  
Just hold me tight  
Never let this go, take it nice and slow The moments ours  
Colliding stars  
Like fireworks  
When you're next to me  
Girl you set me free Baby tonight's the night,  
I will let you see, show you all of me  
Maybe tonight's the night  
You show me everything I just want you Damn  
Baby don't fight the music  
Baby don't fight the music  
I just want you, damn  
Baby don't fight the music  
If we don't fight we'll lose it  
I just want you, damn (Girl I just wanna hold you)  
(Girl I just wanna hold you)  
(Girl I just wanna hold you) (Girl I just wanna hold you)  
(Girl I just wanna hold you) I just want you (Girl I just wanna hold you)

(Girl I just wanna hold you)  
(Girl I just wanna hold you)I just want you, damn  
Baby don't fight the music  
Baby don't fight the music  
I just want you, damn  
Baby don't fight the music  
If we don't fight we'll lose it  
I just want you, damn(Girl I just wanna hold you)  
(Girl I just wanna hold you)  
(Girl I just wanna hold you)
