From Now On

Michael Bolton

You always said, I'd never know how much I loved you
Until, it was too late to make you stay
I know it looked as though, I took our love for granted
That doesn't mean I wasn't feelin' all the things I meant to say
And who was I, always asking so much of you?
To make you prove your love, time after time
Until, I found myself living my life without you
How could I have been so foolish? How could I be so blind?
From now on, I'm gonna love you like there's no tomorrow
I don't want to wait until our time has come and gone
I'm gonna hold you, now more than ever
I'm gonna love you, I'm gonna love you from now on
We both know it's true, when we're open to each other
There's a love, we'll never find with someone else
And if we give it half a chance we'll be starting over
So let me make your heart believe, what I've been promising myself
From now on, I'm gonna love you like there's no tomorrow
I don't want to wait until our time has come and gone
I'm gonna hold you, now more than ever
I'm gonna love you, I'm gonna love you from now on
Baby, there'll be no distance between us
Oh, this time I know we're gonna make it
Together where we belong
From now on, I'm gonna love you like there's no tomorrow
I don't want to wait until our time has come and gone
I'm gonna hold you, now more than ever
I'm gonna hold you, now and forever
I'm gonna love you, I'm gonna love you from now on
