If the Shoe Fits

Leon Russell

Can you get us in free,
My girlfriend and me,
We like the songs, but we hate to pay.
Can I have your guitar,
Can I ride on your car,
Can you give me a role to play?Can I have an autograph,
Can I sit in your lap,
Are you really into witchcraft like they say?
Can I follow you home,
Can I use your telephone,
Can we crash here for just a few day?
We're from Rolling Stone so it's okay.Oh, What was your name?
You're someone I've seen.
Has anyone said that you look like James Dean?
Can I sit in your lap,
Can I give you the clap?
Can we rap, I don't have much to say?Can I have your guitar,
Can I ride on your car?
Can you give me a role to play?
Can I follow you home,
Can I use your telephone?
Can we crash here for just a few day,
We're from Rolling Stone so it's okay. Ah ha!
