

# All I Need Is You

Guy Sebastian

You are, you're, I know, all that I need  
You are, yeah, you're all that I need I remember when the day, bein' all so independent  
I remember how I'd say, I could never fall, I was cynical  
Funny now, I'm in a daze, since you came into my life  
Now, I'll never be the same baby, I'm amazed by the love you gave Finally I can see, what a life really means to  
me, to me babe All I need is you in my life forever, all I need is you  
Everyday by my side, got to let you know you're the one that I treasure  
I can search the world but never find a better love  
That is between you and I, I, all I need is you, yeah, oh, ooh, yeah, I When I look into your eyes, there's a feeling  
that I can't explain, babe  
That is when I realize that all I desire is to be by your side  
Now, whenever I'm alone, I wonder how I lived without you  
Should've known all along that my only world is with you in it girl Finally I can see, what a life really means to  
me yeah, to me, yeah All I need is you in my life forever  
All I need is you everyday by my side  
Got to let you know you're the one that I treasure  
I can search the world but never find All I need is you in my life forever, all I need is you  
Everyday by my side, got to let you know you're the one  
That I treasure, I can search the world but never find  
A better love that is between you and I, I How did I find such a love so surreal  
When I've only done a little right?  
Now, I can see that it can't be deserved  
And that the freedom that you give is mine, yeah, yeah All I need is you in my life forever, all I need is you  
Everyday by my side, got to let you know you're the one  
That I treasure, I can search the world but never find  
A better love that is between you and I All I need is you in my life forever  
All I need is you everyday by my side  
Got to let you know you're the one that I treasure  
I can search the world but never find, no All I need is you, you are, you're all that I need  
All I need is you, you are, you're all that I need  
Got to let you know, you are, you're all that I need  
You are, you're all that I need, hey, you are, you're all that I need  
You are, you're all that I need, you are, you're all that I need
