Fool for You

The Impressions

Never liked nobody that's been mean to me
I've got a heart full of stone and I hate the misery
Then you came along into my life
Destroying my mind, mounting up the toil and strifeBut I'm a fool for you, I'm a fool for you
But I'm a fool for you, I'm a fool for youGuess I'll always be and I claim it famously
'Cause I'm a fool for you, it's a doggone shame
Knowin' you don't love me, you go on and use me
So continuously, I don't know why, I love you like I doWhen you're breaking my heart and you know it's trueBut I'm a fool for you, I'm a fool for you
But I'm a fool for you, I'm a fool for youDoggin' me every day but child, I'm here to stay
'Cause I'm a fool for you, you don't want me to stay
But I'm a fool for you, do me wrong now every day
Child, I'm a fool for you, ah ha ha hoo, I'm a fool for you
