

Road to Salinas

Goo Goo Dolls

Being afraid can be okay, if you're willing to let things go
If you'd lay me to die and try to learn what you don't know
I don't know why I drive behind the wheel
Sun's the sky, and I was[Chorus]
On the road to Salinas
Down the road I thought could free us
Ordinary dreams would go, and I would always get back home
Took the time inside to find the boy inside my
brain
Someone waited out on him and was trying to get away
I don't know why I feel the way I feel
Sun's in the sky, and I was[Chorus] See myself in someone else, and I just don't know why
When I lay my head to sleep I lay awake and cry
I don't know why I drive behind the wheel
Sun's in the sky, and I was[Chorus]
