

Remedy

Beverley Knight

Put your arms around me
Feel what you can do
You can take away my bad mood
You can do me good Oh hey, oh yeah, oh Your love is remedy
The sweetness in my life
You have the ability
To put me right As long as you're beside me
I am not afraid
You've given me security
It keeps me warm and safe I love you, I need you
I love you, I need you Your love is a remedy
The sweetness in my life
You have the ability
To put me right Your love is a remedy
The sweetness in my life
You have the ability
To put me right There is so much more that you can do
Ain't nobody like you
Who makes me feel like a girl
Whose on top of the world Your love is a remedy
The sweetness in my life
You have the ability
To put me right
