

# See the Sun

## Les Gammas

Where's a word  
That we love to know  
And where's a love  
That we shared go  
Can you be the one?  
Can you see the sun with me?  
Hate's a word  
That we love to use  
And pain is a sign  
That is old and abused  
Can you be the one?  
Can you see the sun with me?  
I'm here and I'm never gone  
I'm here and I'm never gone  
I'm here and I'm never gone  
I'm here and I'm never gone  
Can you be the one?  
Can you see the sun with me?  
With me, with me  
With me, with me, with me
