Limp

Sumo Cyco

Self indulge and feed your hunger,
Never take the time to wonder,
What you're under, what you're on,
Inside your head your brain is gone,
Waiting for an order, stuck in line and there are thousands of ya,
Waiting for an order, stuck in line.Limp and lifeless, eyes half shut,
Feelin' like ya, feelin' like ya, feelin' like ya wannaLimp and lifeless, eyes half shut,
Feelin' like ya, feelin' like ya, feelin' like ya wanna
Kill somebody, slowly, slowly,Limp and lifeless, eyes half shut,
Feelin' like ya, feelin' like ya, feelin' like ya wannaEveryday's the same old story
Life can get so fucking boring,
When your future is your past,
The days don't really seem to last
Waiting for an order, stuck in line and there are thousands of ya,
Waiting for an order, stuck in line.Limp and lifeless, eyes half shut,
Feelin' like ya, feelin' like ya, feelin' like ya wannaLimp and lifeless, eyes half shut,
Feelin' like ya, feelin' like ya, feelin' like ya wanna
Kill somebody, slowly, slowly,Limp and lifeless, eyes half shut,
Feelin' like ya, feelin' like ya, feelin' like ya wannaOh how I'd like to take a knife and stick it in your leg,
I'd hammer nails into your skin and screw you to your bed,
And perhaps it will relieve your stress, I highly recommend,
They say it is a violent way, but their pain puts mine to end.Digging out come up from the underground...Limp and lifeless, eyes half shut,
Feelin' like ya, feelin' like ya, feelin' like ya wannaLimp and lifeless, eyes half shut,
feelin' like ya, feelin' like ya, feelin' like ya wanna
Kill somebody, slowly, slowly,Limp and lifeless, eyes half shut,
Feelin' like ya, feelin' like ya, feelin' like ya wannaDigging out, come up from the underground....
