

# Mr. Foreman

## The Bar and Grill Singers

Mr. Foreman, bring me a fee  
Make it the biggest that I've ever seen  
When you go back for deliberation  
Be sure to sock it to the corporation

Foreman, you ought to know  
I get a fraction of my client's dough  
Think "Divisible by three"  
Mr. Foreman bring me a fee

Mr. Foreman, I want to say  
You must put all of your bias away  
Be sure to heed the judge's instruction  
Just make sure that you vote in my direction

Foreman, don't let me go  
Without a nickel for all my woe  
Please be my own lottery  
Mr. Foreman bring me a fee

Mr. Foreman, bring me a dream  
Give it a lot of weight on the punitive theme  
Start it with any number; then be my hero  
Make sure to follow it with seven zeroes

Mr. Foreman, remember me  
I need to win or I will work for free  
But we don't want your sympathy  
Mr. Foreman bring us  
Please, please, please  
Mr. Foreman bring us a fee!
