Freefall (VIP) [feat. Reija Lee]

Metrik

Our hearts tend to wander
(tend to wander)Intentions straying
(Intentions straying)
(Intentions straying)Your mind isolated
(isolated)Will sweep you awaySet yourself free!
We're all alone
(alone alone alone)Cause there's no one else
Listen to yourself
And freefall
(and freefall)
And freefall
(and freefall)Our hearts tend to wander
(tend to wander)
Our hearts tend to wander
(tend to wander)Cause there's no one else
Listen to yourself
And freefall
(and freefall)
And freefall
(and freefall)Set yourself free!
We're all aloneCause there's no one else
Listen to yourself
And freefall
(and freefall)
And freefall
(and freefall)Our hearts tend to wander
(tend to wander)
Our hearts tend to wander
(tend to wander)
