Acid Rain

Robert Calvert

There`s home computers now
That can keep an eye on you
The Talk with Swedish accents
And tell you what to do
An acid rain is falling
An acid rain is falling hardFresh embryos are frozen
And placed in foetus banks
Heredity is chosen
By anyone who wanks
An acid rain is falling
An acid rain is falling hardNow all the Japanese cars
Have turned to rust right through
I'm singing in the rain showers
Newspapers in my shoes
An acid rain is falling
An acid rain is falling hardAcid rain
Acid rain
Acid rain
Acid rain
Acid rain
