Masterplan

The Sprague Brothers

Wanna hear my masterplan?
Heres my masterplan.
Wanna hear my masterplan?
Here is my masterplan.
Hear my masterplan.
Fear my masterplan.Me and my baby, now you know the deal
There's no maybes be all you wanna be
Who are you? I knew you are me.There's nothing you can do
I'm on my way. Where are you?
They tell you you'll never win
Don't mind lets go for a swimBelieve what your dreams may bring
Now you will do somethingAnd now when I'm so free
Take a chance on me
And this how forever will be.
