

# You My Everything

Ellie Goulding

(You, my everything)  
(You, my everything) You are my only hope  
The truth that dealt the consequence  
I know you don't feel the same  
You're sensible but it doesn't make sense  
I know I'm gonna weep my heart out  
You know I'm gonna try much harder  
But it isn't the shit in my head  
Pulling me under this time Could have given me something  
You my everything  
You left me kneeling  
I was one of those people  
You, my everything  
You, my everything  
You, my everything You were my backbone when  
The truth that dealt the consequence  
You were my hometown when  
My heart was filled with loneliness  
Just as the dark was rising  
You know I'm gonna try much harder  
But it isn't the shit in my head  
Pulling me under this time Could have given me something  
You my everything  
You left me kneeling  
I was one of those people  
You, my everything  
You, my everything  
You, my everything Could have given me something  
You my everything  
You left me kneeling  
(You my everything)  
I was one of those people  
You, my everything For what it's worth  
For what it's worth  
For what it's worth You were my backbone when  
My body ached with weariness  
You were my hometown when  
My heart was filled with loneliness  
Just as the dark was rising

I heard you close the door again  
Just as the light turns out  
I know who I dream of
