

# Parts of Me

Frenzie Cartier

Chorus

Life moving fast wrist 20 thousands dollars  
That champagne liquor make her look just like a model  
We a star cant you see it we need role models  
I be speeding to the top and we aint stopping full throttle Verse 1  
Look at this presidential my rolly be so official  
I met with ben Franklin he told me that I will benefit you  
Why was its hard to get you  
You made me have father issues  
He said I never came with ease  
Bitches and party boats turn that sex into cardio  
Checking in at these lobbies asking me how did the party go  
Life like a rodeo left my niggas in Ohio  
but I know I left these niggas with keys  
but I'ma jimmy choo rocking  
champagne bottle popper  
True religion overstock em  
Polo boots gotta cop em  
My money growing fast so I'm gaining these problems  
My life moving fast but that's really not the problem

Chorus (Repeat)

Verse 2

I'm saying a yo a hey ho  
How is life out in Diego  
I just knew u loved Cali reminded u of Barbados  
Lost me like I was Legos  
Spent up all of my pesos  
But you still you always pop in my mind  
Thanks to my villages  
I grew up with affiliates  
Drug dealing and stealing  
You know the neighborhood businesses  
Dated the riches chicks  
Almost fuck up her Cede Benz  
Looking into the trunk and thinking so that's where the ceiling went whoa  
So that's rich people problems  
How you moving that fast  
Cuz im speeding need goggles  
I like seeing cash cuz I from the bottom

My life moving fast and that's really not the problem uhn  
Chorus (Repeat)
