

# Amnesia

## Cherish

ooh Yeah Yea  
Really wish i could!

If only someone could unbreak my heart  
Come releave my pain  
If somehow i could wish upon a star  
And make all the memories go away

Hook  
But my mind jus keep on going back  
And i cant help but think about  
That guy thats gone make me miss out on u  
And i cant help but remember bout  
That sad day in september  
That day he took my heart with him when he left

Chorus  
See eventually i would get through this  
But right now it seems my hearts in the way  
I apologize for the way that i treat you  
But i gotta leave ya  
Unless some how i come across the case of

Amnesia(3x)  
(To forget to forget to forget the heartache)  
Amnesia(3x)  
(To forget to forget to forget the pain)  
Amnesia(3x)  
(It'll make it'll make it'll make me better)

Oh oh oh oh oh oh

I tried to leave the past behind me  
But it just hurt so bad (oh)  
And i told myself please dont cry  
Let it go and let the past be the past

(Hook)

(Chorus)

Everytime you get closer to me  
Im falling back  
Cause i cant go down this road again  
Memories wont go away  
Constantly in control of my life  
I dont wanna erase it and forget about it all  
(oh yeah)

(Chorus)
