Complete

Lila McCann

I'm half a woman, with half a heart and half a mind when we're apart
But when you're here with me I'm complete
My heart had been so uninspired love left a lot to be desired
But when you're here with me I'm completeYou're the half that makes me whole the missing piece, my second soul
Your love fills all my needs baby when I'm with you, can't you seeI catch my breath, I lose my cool I watch my heart break every rule
But when you're here with me I'm completeYou're the half that makes me whole the missing piece, my second soul
Your love fills all my needs baby when I'm with you, can't you see
