

Pyretta Blaze

Type O Negative

Beautiful yet dangerous
Thermogenic luminous
Like a moth drawn to a flame, I'm the same
All cremated equally Where is the spark still I knew
I'll be lured be consumed
She a pyre incarnate incinerate
An inferno turned to flesh "You are the first will be my last will be my final words"
Said she
Ahh, pyretta blaze
"You are the first will be my last will be my final words"
Said she
Ahh, pyretta blaze Say the words I long to hear
Pinch bite kiss suck lick and sear
In a pyromantic way I'm her slave
Living for her to ignite "You are the first will be my last will be my final words"
Said she
Ahh, pyretta blaze
"You are the first will be my last will be my final words"
Said she
Ahh, pyretta blaze "You are the first will be my last will be my final words"
Said she
Ahh, pyretta blaze
"You are the first will be my last will be my final words"
Said she
Ahh, pyretta blaze Said she
"Ahh, pyretta blaze"
Said she
"Ahh, pyretta blaze"
Said she
"Ahh, pyretta blaze"
