Nemesis

(Help me father
I don' think I'm
Ever gonna calm down, ever gonna calm down
I could start a riot in my head
Just watch me burn)I keep my soul,
Stuck between an,
Angel and an ashtray,
Angel and an ashtray,I could start a quiet riot,
But I got no soul,(So what did you expect from me?
Be careful with those words
The blackest eyes you've ever seen
Are coming your way sir)But I got no soul,
Call the doctor,
I can't stop her,
We're keeping the faith yeah,
We're keeping the faith alive,But I got no soul,
Call the doctor,
I can't stop her,
We're keeping the faith yeah,
We're keeping the faith alive,Help me father,
I don't think I'm,
Ever gonna stop now,
Ever gonna stop now,I started a war,
Because I could,
And all you did was hold me down,(Is this what you expect of me?
My candle in the wind?
Well I'm sorry
You'll not believe
Your space is running thin)But I got no soul,
Call the doctor,
I can't stop her,
We're keeping the faith yeah,
We're keeping the faith alive,But I got no soul,
Call the doctor,
I can't stop her,
We're keeping the faith yeah,
We're keeping the faith alive,
Keepin the faith yeah,
We're keeping the faith aliveBut I got no soul,

Call the doctor,
I can't stop her,
We're keeping the faith yeah,
We're keeping the faith alive,But I got no soul,
Call the doctor,
I can't stop her,
We're keeping the faith yeah,
We're keeping the faith alive,We're keeping the faith yeah,
We're keping the faith alive,
(We're keeping the faith yeah...)
