

# Big Boned Gal

[k.d. lang](#)

She was a big boned gal  
From southern alberta  
You just couldn't call her small  
And you can bet every saturday night  
She'd be heading for the legion hallPut her blue dress on  
And she'd curl her hair  
Oh she's been waiting all week  
And with a bounce in her step  
And a wiggle in her walk  
She'd be swinging down the streetYou could tell she was ready  
By the look in her eye  
As she slipped in through the crowd  
She walked with grace  
As she entered the place  
Ya, the big boned gal was proudNow people would come from miles around  
Gather there to dance  
But when the big boned gal came shufflin' in  
She'd hold them in a trance  
But you could tell she was ready by the look in her eyes  
As she slipped in through the crowd  
She walked with grace as she entered the place  
The big boned gal was proudHey hey the big boned gal  
Ain't no doubt she's a natural  
Shakin' and a'snakin'  
And a'breakin' up across the floor  
Hey hey the big boned gal  
Ain't no doubt she's a natural  
Reelin' and a'rockin'  
And she's yelling out for moreShe was a big boned gal  
From southern alberta  
You just couldn't call her small  
And you can bet every saturday night  
She'd be heading for the legion hallYou could tell she was ready by the look in her eyes  
As she slipped in through the crowd  
She walked with grace as she entered the place  
The big boned gal was proudHey hey the big boned gal  
Ain't no doubt she's a natural  
Shakin' and a'snakin'  
And a'breakin' up across the floor

Hey hey the big boned gal  
Ain't no doubt she's a natural  
Reelin' and a'rockin'  
And she's yelling out for moreHey hey the big boned gal  
Ain't no doubt she's a natural
