

Black Rain

Ozzy Osbourne

The black rain is falling
Contaminating the ground
The human race is dying
The dead are scattered around What is the price of a bullet?
Another hole in the head
A flag draped over a coffin
Another soldier is dead How many victims have fallen?
How many more have to die?
People dying in masses
Angel of Death standing by We've got our marching orders
Defenders of our home and our pride
We've crossed too many borders
Military suicide War killing sons and daughters
Another failed attack, there is no turning back
Blood running down like water
You'll think you got away until the Judgment Day comes Politicians confuse me
I watch the body count rise
Why are the children all marching
Into the desert to die? The human psyche is twisted
The madness rising again
Another empire falling
I watch them dying in vain We've got our marching orders
Defenders of our home and our pride
We've crossed too many borders
Military suicide War killing sons and daughters
Another failed attack, there is no turning back
Blood running down like water
You'll think you got away until the Judgment Day comes Black rain, black rain
Black rain, black rain War killing sons and daughters
Another failed attack, there is no turning back
Blood running down like water
You'll think you got away until the Judgment Day comes
You'll think you got away until the Judgment Day comes
