

Love Me Tonight

Tom Jones

I know that it's late and I really must leave you alone
But you're good to hold and I feel such a long way from home
Yes, I know that our love is too new, but I promise it's gonna be true
Please let me stay, don't you send me away, oh no
Tell me baby that you need me, say you'll never leave me
Love me tonight
Hold me now my heart is aching and until the dawn is breaking
Love me tonight
Something is burning inside, something that can't be denied
I can't let you out of my sight, darling, love me tonight
Let me love you baby, let me love you baby
Baby, love me tonight
I've waited so long for the girl of my dreams to appear
And now I can hardly believe that you really are here
Here in my arms you belong, how can this feeling be wrong
Darling, be kind for I'm out of my mind over you
Tell me baby that you need me, say you'll never leave me
Oh, love me tonight
Baby, now the pain is stronger, I can't wait a moment longer
Love me tonight
Something is burning inside, something that can't be denied
I can't let you out of my sight, darling, love me tonight
Let me love you baby let me love you baby
Let me love you tonight, love me tonight
