Nowhere Fast

[Meat Loaf](#)

It's getting cold, it's getting dark, the nights are longer every day

The air is heavy and the clouds will never burn away

And we've been waitin' here so long that we've forgotten what it's like

To turn into the fire, lookin' straight into the, straight into the lightYour heart is tryin' to rock but it can barely beat at all

Your soul is tryin' to run but all your body does is crawl

You don't need any signal, you don't need any sign

Nothin's gonna stop you once you cross over the lineI want to tear it all apart and take the clothes right off your back

We're tearin' down the highway and we're breakin' away, breakin' away

Breakin' away, we're breakin' away from the pack

We're breakin' away from the packAnd if you don't have anywhere to go

You go down on the pedal and you're ready to roll

And even if you don't have anywhere to go

You go down on the pedal and you're ready to roll

And your speed is all you'll ever need, all you'll ever need to know[Chorus]

You and me we're goin' nowhere slowly and we gotta get away from the past

There's nothin' wrong with goin' nowhere baby

But we should be goin' nowhere fast

Everybody's goin' nowhere slowly

They're only fighting for the chance to be last

There's nothin' wrong with goin' nowhere baby

But we should be goin' nowhere fastIt's so much better goin' nowhere fastYou shouldn't always see your world so clearly

You shouldn't always know your place so well

And all we're doin' here is hangin' around

And goin' anywhere has gotta be heaven, 'cause stayin here is gonna be hell

And goin' anywhere has gotta be heaven, 'cause stayin here has gotta be hellI'm getting lost, I'm getting found, I'm getting born again each day

We're dyin' on the vine until we finally, 'til we finally get away

The boundaries of this town are closin' in just like a noose

The future's gonna rust if we don't put it to some, put it to some useYour heart is tryin' to rock but it can barely beat at all

Your soul is tryin' to run but all your body does is crawl

You don't need any signal, you don't need any sign

Nothin's gonna stop you once you cross over the line[Chorus]
