Nice Overalls

Lustre

I am waiting by the phone
Listen on the floor
You've got that rythm
I am fainting by your walls
You're headed out the door
I'll build my insightNot droppin' the wayside
Because of all the hell I've taken
Not takin' the long ride
Besides, it's not my neck you're breakin'I am kneeling by your walls
You're workin' in the bar
I know you inside
I am painting by your walls
You've headed out the door
I'll build my insightNot droppin' the wayside
Because of all the hell I've taken
Not takin' the long ride
Besides, it's not my neck you're breakin'Not droppin' the wayside
Because of all the hell I've taken
Not takin' the long ride
Besides, it's not my neck you're breakin'Not droppin' the wayside
Because of all the hell I've taken
Not takin' the long ride
Besides, it's not my neck you're breakin'
